

The background of the entire page is a stylized, abstract floral pattern. It features large, overlapping leaf and petal shapes outlined in thin, dark lines. The color scheme is a smooth gradient, transitioning from a warm yellow on the left side to a cool purple on the right side. The text is overlaid on this pattern in a white, elegant script font.

- Elmo is the nickname of Heinrich Helm, the first Technical Director at Italy's first fountain pen manufactory. He left the company in 1928, but his ideas live on.
- An Italian classic at an accessible price. The Elmo 01 is still made by hand in the exact location where its predecessor was assembled nearly a century ago.
- The Elmo 01 revives an archive pen popular in the offices, studios and lecture theatres of 1920s Italy. No-nonsense design channels the era's early-modernist mood.
- ★★★★★ "The perfect pen: great size; elegant design; silky smooth nib. And dressed like it has a date with Puccini. Bravo!" Fantasy Blooms: Elmo's encore.
