56 mm

GNOMO *Moods*

Mobile modern lifestyles pose many challenges, but should never demand compromise. Gnomo Moods is made to go anywhere. Practical and purse-friendly, its ingenious lipstick format offers all the emotion of full-scale luxury writing – at a fraction of the size.

- With a capped length of only 80 mm, Gnomo Moods expands to offer luxurious writing experience. Delicate herringbone detailing on sterling silver characterises a writing instrument designed to shine, clad in fashionable textures of Montegrappite artisanal resin.
- Three colours of Menta (mint green), Ghiacciaio (ice blue) and Monterosa (mauve) make their debut in the Montegrappa line-up. Made to a special in-house formula, Montegrappite features unique organic textures that ensure no two models are exactly alike.
- The Gnomo silhouette reinvents a design from Montegrappa's mid-century archives. After a sold-out celluloid edition, this latest series confirms its standing as a contemporary luxury accessory. Its charms are limited to a lucky few, with only 100 pieces made in each colour and mode.

I.

Artisanal fabrication in Italy's foremost pen manufactory is a path to magical writing moments. Expert design and material selection ensure reliable, spritely response from every stroke.

II.

Montegrappite artisanal resin has an integrity and complexity not found in conventional acrylics. Local, boutique production means more care, more nuance and less wastage.

III.

Short stature means fountain pens are supplied by cartridge ink. A top-drawer writing block design features a 5 mm, 18K gold nib with pristine Greek-fret engraving.

IV.

The natural charms of Gnomo Moods extends to its unboxing. A miniature wooden case houses both writing instrument and a made-to-measure, mock-shearling pouch.
